**Courses**

Undergraduate

Tier 1: 3 courses in 1 department

Tier 2: 4 courses in 2 departments

Graduate

Tier 1: 7 courses across 2 departments

Tier 2: 7 courses in 1 department

**Faculty and Researchers**

47 faculty members and researchers across 17 departments

39 are involved in interdisciplinary sustainability-related research centers

Faculty expertise across the School in diversity-related areas includes major strengths in minority aging, health disparities, underserved populations, immigrant health, developmental psychology, genetics, and urban epidemiology.

**Examples of Service**

The UCLA School of Medicine is deeply involved in public service to address health disparities and the health disparities of vulnerable populations, both through direct service and by providing expertise to policymakers and the public. The UCLA Center for World Health partners with institutions in developing countries to provide and strengthen medical programs. The UCLA Mobile Health Clinic, the Student Run Homeless Clinic, and Care Harbor LA all provide care to vulnerable individuals in the local community. The David Geffen School of Medicine also partners with the Venice Family Clinic to provide care to local families.
